To celebrate 360 years of innovation, Saint-Gobain needed a voice that looks to the future. And have created a new digital avatar called MIA.

🌟 Powered by AI, human expertise and 360 years of legacy, she brings a new way to communicate.

🏗️ In a brand-new mini-series, she explores the key challenges of sustainable construction.

Sustainability News

Congratulations to Scotframe. They will be using the Carbon Fund monies to replace carbon-intensive, inefficient gas heating with infra-red heating, which produces less carbon and will be much more effective at keeping colleagues warm.
